Available for library and institutional ordering.

This kit gives librarians, educators and institutions a quick overview of the title, learning uses, ordering pathways and presentation options.

Learning & Library Use

Early Literacy

Use the A-Z structure to reinforce letters, vocabulary and shared reading.

Early STEM Vocabulary

Introduce everyday technology terms through child-friendly examples and characters.

Storytime & Centers

Pair the book with songs, videos, the A-Z game and printable coloring pages.

Family Engagement

Extend learning with free printables and adult-managed digital resources.

Presentations

Request library readings, school presentations or technology-learning workshops when scheduling is available.

Digital library platform availability is verified separately.

We do not claim universal Libby/Hoopla availability until BookBaby confirms the title status.

Ordering & Contact

Institutional ordering

Libraries, schools, districts, early-learning programs, nonprofits and educational organizations can request ordering assistance, classroom-set information or a quote.

Presentation requests may include library readings, school visits, parent-and-child learning events, technology-learning workshops or virtual author Q&A sessions.

Recommended acquisition checklist

- Review title metadata and ISBN.
- Use the library webpage for institutional requests.
- Download or share the free family/educator resources.
- Request a presentation only when a real date and venue can be confirmed.
- Confirm current digital-library platform availability before catalog claims.
